NAZIS REEL UNDER YANK COUNTERBLOWS

VON RUNDSTEDT'S OFFENSIVE IS BEATEN INTO REVERSE BY AMERICAN ARMORED DRIVES

Most Advanced Spearheads of Enemy Columns Are Driven Back More Than Ten Miles and Dashed Across Lesse and Homme Rivers

BELEAGUERED DIVISION RELIEVED BY PATTON

By JAMES M. LONG
Paris, Dec. 29.—(P)—American armored blows on the nose of Field Marshal von Rundstedt's offensive have beaten his most advanced spearheads back more than 10 miles and chased them across the narrow Lesse and Homme rivers into Rochefort.

Field dispatches, reporting this development up to Thursday morning, said the von Rundstedt escape gap at the same time was cut to less than 17 miles north of Bastogne.

The Celles pocket at the northwestern tip of the von Rundstedt wedge was wiped out. The Germans said British troops had a part in this action.

Other spearheads in the southwestern tip of the salient were isolated near St. Hubert and were fighting a death struggle.

The long, thin corridor by which hard-driving Third Army forces of Lt. Gen. George S. Patton, Jr., reached the beleaguered 101st U. S. Airborne Division and other troops in Bastogne, was broadened to six miles wide and six miles deep.

Ten more towns were captured as Patton poured men in, building up this area to a power wedge close to the heart of the Nazi bulge, and expanded his grip on the north side of the Sure river to a depth of 14 miles.

More Germans were thrown back into Germany in the Echternach area at the southeastern hinge of the Nazi rim.

That was the situation as of 36 hours ago.

Given the task of caving in von Rundstedt's southern flank three days after the German offensive started on Dec. 16, Gen. Patton had swung his divisions into the battle with a spectacular dash and by swift and decisive action had hurled the Germans back as much as 20 miles in six days.

The prisoner count in the first seven days of the Patton counter-attack mounted to 5,551, and von Rundstedt's over-all tank losses from air and ground action mounted to 710—the equivalent of nearly four German armored divisions.

Allied air power had knocked out 3,355 trucks used in the German offensive and 755 planes.

Patton's powerful armored formations repulsed fresh attacks on their corridor to Bastogne and chewed off the German strong-points which hemmed in the corridor.

On the west side they reached Sibret, four miles southwest of Bastogne and mopped up Salva-cour and Hompre, three and four miles south of Bastogne.

Heavy fighting was in progress in the woods north of Assenois, about three miles southwest of Bastogne.

The Germans said last night they had withdrawn "according to plan" in the face of American counterattacks extending along virtually the entire perimeter of Field Marshal von Rundstedt's salient, and for the second successive day made no claim of advances.

Associated Press Correspondent Edward D. Ball, in a dispatch from the Third Army front at 7:35 last night, said the battle-torn city of Bastogne, scene of a new epic stand by a force of surrounded Doughboys, "still is firmly in American hands," but he gave no further details of the fighting in that sector.

Previous advices said Patton had widened the base of his Bastogne rescue wedge to three miles, although its tip into the town remained only a mile wide. Sizeable German forces remained on both sides.

United States Now Has 1,167 Men-of-War and Still Growing

Washington, Dec. 29.—(P)—The largest navy in the world, fighting the most extended war in history, now has 1,167 men-of-war to carry the battle to the enemy. And it is still growing.

This was reported by the navy today in a review of ship production which showed that in the last year 39,971 new vessels—420 of them fighting ships—joined the fleet, boosting the overall total to 61,045 navy ships of all types.

Much emphasis was placed during 1944 upon landing craft and attack vessels, with construction of 37,724 of the little ships used to batter the way for landings on enemy-held shores.

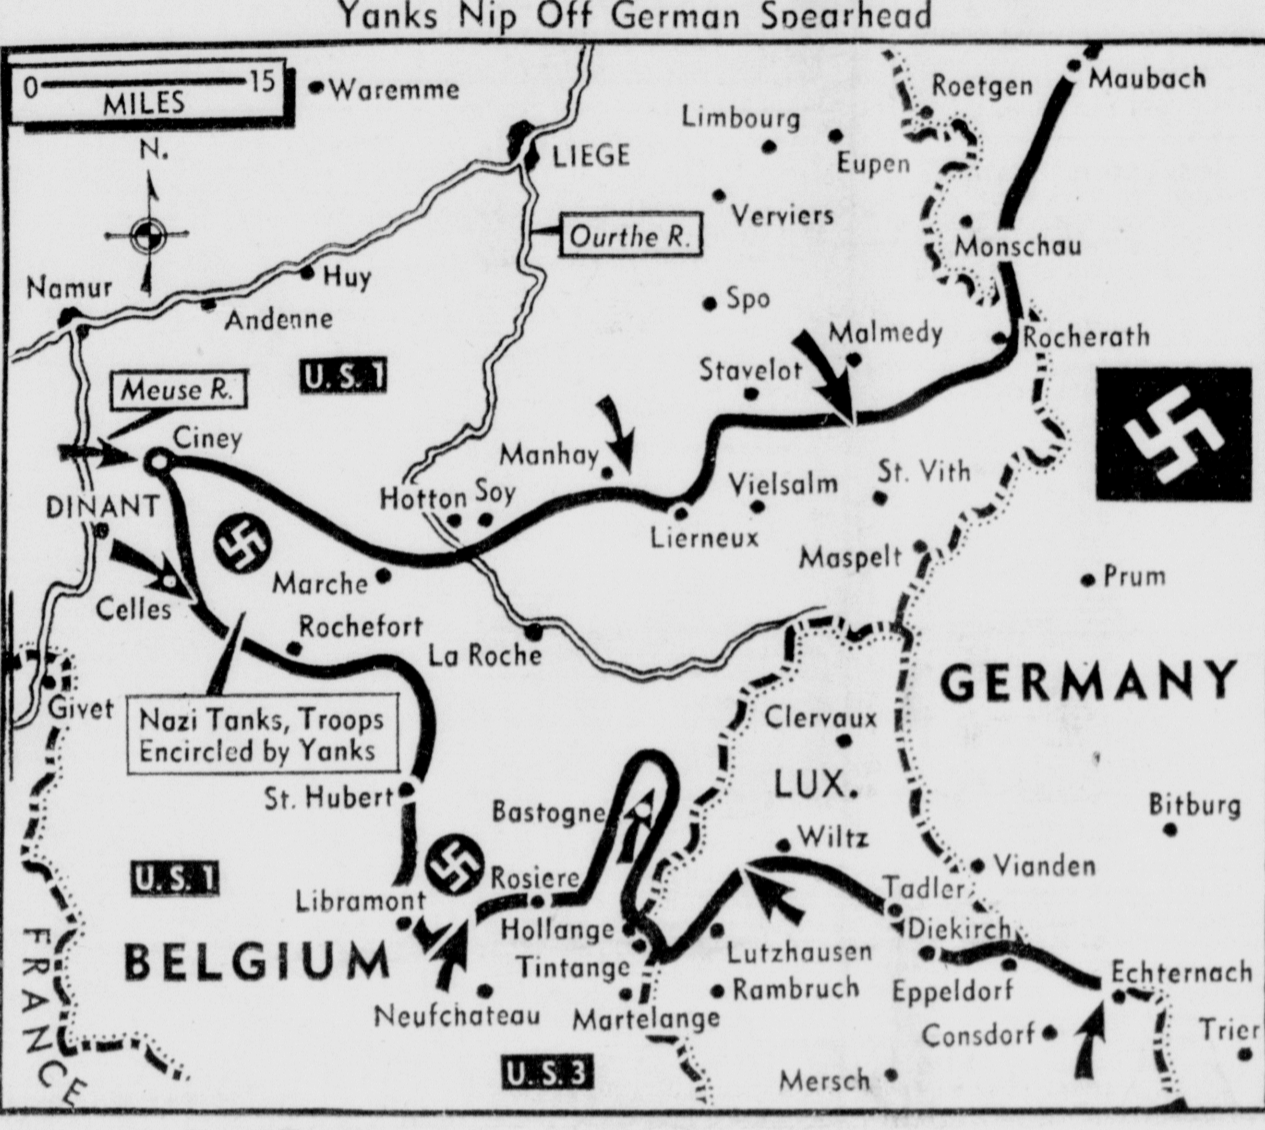

The new construction also included, the navy said, 640 patrol boats and mine craft, 630 auxiliaries and 55 harbor craft.

The air force striking arm, the navy continued, also called for major production in 1944 when 30,970 planes of all types were manufactured to maintain the navy's air force at a stabilized total of about 37,000.

Lifting of Bastogne Siege Graphic Highlight of the War

By EDWARD D. BALL

Bastogne, Dec. 29.—(P)—Fresh details of the Bastogne siege released today disclosed that Brig. Gen. A. C. McAuliffe, acting commander of the trapped 101st Airborne Division, gave the "nuts" reply to a German demand December 22 for surrender.

McAuliffe took charge of all troops in the Bastogne pocket until the arrival of the 101st commanding officer, Maj. Gen. Maxwell D. Taylor, who left Washington on Christmas eve when he heard of his outfit's predicament and flew the Atlantic.

Taylor arrived in Belgium December 26, made his way through enemy lines and reached Bastogne early December 27. Armored elements and stragglers from various infantry units were hemmed in the town, along with the 101st.

The relief corridor from the south was opened by Lt. Gen. Geo. S. Patton, Jr., waging a kind of war that is to his liking.

Troops of the 101st "Screaming Eagle" Division had been rushed into Bastogne by trucks just before the German encirclement was completed.

Three days after Field Marshal Karl von Rundstedt launched his offensive Dec. 16 along the Belgian-Luxembourg frontier, the U. S. Third Army elements moving up from the south.

One officer student of the situation said he believed it is quite possible that von Rundstedt still has some divisions standing by near the base of the salient.

Along the front north of the salient German patrol and other activity has taken curious form within the last two days. This activity (Turn to Page Thirteen)

Regency Plan Has Backing of U. S.

London, Dec. 29.—(P)—Prime Minister Churchill and Foreign Secretary Eden arrived in Britain today from the conferences in Greece.

Washington, Dec. 29.—(P)—Prime Minister Churchill was reported today to have firm American support in his efforts to get a regency set-up for Greece.

American officials have believed for many months the people of Greece would never accept King George again as their ruler. Since the recent outbreak of fighting between ELAS forces and British troops, prevailing opinion has been that the first step to peace would have to be the removal of the king.

There is some optimism, therefore, over the prospects for a settlement as a result of the trip made to Athens by Churchill and his foreign minister, Anthony Eden.

Washington diplomats believe that the use of force was the best way to cause trouble in Greece.

Washington, Dec. 29.—(P)—The British opened a three-pronged drive against ELAS forces in the eastern suburbs of Athens today, jumping off after a prolonged artillery barrage in the second phase of operations designed to clear the embattled Greek capital.

Against slight opposition, the British forces advanced from the south through Zappion Park on Arditos hill, which changed hands in a mortar duel a week ago.

A Greek mountain brigade meanwhile advanced southward on a suburb of Kifissos—one of the largest ELAS strongholds in the Athens area.

After taking Arditos hill, overlooking a former ELAS stronghold in the Averoff Stadium, the British troops entered the Pan-kratir cemetery, from which ELAS mortars have been firing into the cleared sections across the Phaleron road below the Acropolis.

YEAR TO SEE MAJOR TURN AGAINST JAPS

Adm. Mitscher Who Helped Whip Nips Decisively in Two Battles Makes Hopeful Prediction

IWO JIMA IS SMACKED

U. S. Pacific Fleet Headquarters, Pearl Harbor, Dec. 29.—(P)—A major turn in the Pacific war by next summer is foreseen by Vice Adm. Marc A. Mitscher who helped whip the Japanese decisively in two battles of the Philippines Sea and figures "in another year we should have their navy pretty well cleaned up."

"By next summer, they will be sitting on a decidedly uneasy seat in the empire," he told war correspondents yesterday.

On the side of current action, Adm. Chester W. Nimitz reported the second Nipponese air raid in three days on the Saipan base of the Superfortresses, now blasting Japan. He also announced another American air smack at Iwo Jima, the volcanic island from which the Japanese planes are flying to Saipan.

(In the Philippines, Gen. Douglas MacArthur reported only mopping up operations on the ground and the usual sweep of air forces over the archipelago and islands to the south; but a spokesman announced the Japanese task force attack Tuesday on the Yank air base at Mindoro, saying it had been determined the Nipponese made no attempt to land forces under cover of the shelling.

Admiral Nimitz said enemy raiders inflicted minor damage at both Saipan and Tinian during attacks Dec. 26, the same day that American warships teamed up with planes in an assault on Iwo Jima.

Five enemy planes dealt the first blow. Two more followed them in. Two raiders were shot down.

Nimitz also reported that Liberator bombers, escorted by Lightning fighters, bombed and strafed Iwo Jima that day, after the previously announced plane-warship assault. An enemy fighter crashed down near the beach.

LEGALITY OF SEIZURE NOT RECOGNIZED

Chairman Avery Says Company Welcomes Opportunity to Present Its Case in Courts

NEXT MOVE UNCERTAIN

Chicago, Dec. 29.—(P)—The government sought an immediate federal court determination today of the legality of army seizure yesterday, under presidential order, of Montgomery Ward and Company facilities in seven cities.

Twelve thousand employees in these cities went to work for Uncle Sam but Sewell Avery, chairman of the board, has refused to recognize the seizure and President Roosevelt's order as valid.

Avery arrived at company headquarters, his secretary said, but before Federal Judge Philip L. Sullivan and ask for an immediate hearing on the government petition, filed yesterday, for a declaratory judgment establishing legality of the seizure and for an injunction to restrain Ward's officials from possible interference.

More institutions and a long range program of prevention through clinics "so we will not have an accumulating demand for hospital space" are needed, she said. Governor Martin is expected to ask legislative authority for such a program next week.

There are 35,405 patients in 17 state hospitals and a long waiting list. Facilities are adequate for 28,000. Miss O'Hara says "the rest are crowded in places where they shouldn't be."

An average increase of 700 patients annually, compared with 400 a decade ago, reported the secretary, comes from the normal increase in population, but the war has brought more mental issues due to emotional strain.

Institutions In State Are Overcrowded

Harrisburg, Dec. 29.—(P)—Reorganization and expansion of Pennsylvania's hospital program was advocated today by Welfare Secretary S. M. R. O'Hara to meet a mounting mental illness rate partly attributed to wartime stress.

TERRIFIC EXPLOSION IN HOUSTON CHANNEL

Houston, Tex., Dec. 29.—(P)—A terrific explosion rocked the ship channel area just east of Houston about 4 a. m. today, destroying two barges filled with gasoline and sinking a tug. Flames threatened dykes in the vicinity.

Reports as to whether anyone was killed were conflicting.

One fireman said he heard between eight and 11 men were missing. An oil company official believed that possibly five men were lost.

The explosion was heard twelve miles away.

Ammunition, Arms Output Is Speeded

Pittsburgh, Dec. 29.—(P)—Col. Robert C. Downie, army ordnance chief here, said today the output of arms and ammunition is being speeded in the Pittsburgh area, second largest producer among the 13 ordnance districts of the country.

Col. Downie said millions of dollars worth of new plants and equipment are being built and installed and that, to meet steadily increasing needs, schedules for 1955 MM. Howitzer shells call for quadrupling output by the end of 1945.

Contracts are now being placed for mortars and medium artillery ammunition, as well as additional medium and heavy guns.

Planes Again Over Tokyo, Radio Reports

By the Associated Press
Radio Tokyo said today at 9 p. m. (8 a. m. Eastern War Time) that "enemy planes" have been sighted approaching the Tokyo-Yokohama metropolitan district.

The Japanese broadcast, monitored by the Federal Communications Commission, said that the air raid warning had been issued by the Japanese eastern district army headquarters.

After sounding the alert siren, radio Tokyo announced the American planes "again changed course" and "are now circling over the northern section" of the Kanto district. This included the large industrial cities of Kobe and Osaka.

Single B-29s carried out three raids over central Honshu between 8:30 p. m. and 5:30 a. m. Japanese time, last night, radio Tokyo added saying incendiaries were dropped. Shortly thereafter, the broadcaster said "enemy planes" are raiding the same section tonight.

More Sleet and Snow On the Way, Weatherman Forecasts

By the Associated Press
Hazardous street and highway conditions plagued Pennsylvania today and more sleet and snow was predicted to be on the way.

Traffic slow-ups were reported all the way from Pittsburgh to Philadelphia, and many secondary roads were closed.

In the Philadelphia area, scores of traffic accidents and tie-ups were reported. One person was killed and many hurt in motor mishaps.

At Allentown, a dozen persons were in hospitals with fractures suffered in falls on slippery pavements.

State Democrats Shaping Program

Harrisburg, Dec. 29.—(P)—Increased state aid for teachers salaries to reduce local real estate taxes forms a principal plank of the Democratic party's legislative program for 1945.

A committee of assembly and party leaders started whipping the program into shape today for presentation at a party caucus next Monday night.

A proposal was discussed at preliminary meetings to press payment by the state up to \$60,000,000 for the basic salaries of teachers. Local taxing bodies would be required to reduce real estate taxes to an amount equal to the increased state aid under the plan.

State records show teachers salaries for 1943-44 throughout the state totaled \$118,500,000 of which \$47,000,000 was paid by the state and the remaining \$71,500,000 by local taxes on real estate.

THE YEAR AHEAD

Five months ago it seemed that the war in Europe might be over today. Four months ago it appeared that the turn of 1945 might find us well on the road to reconversion living, toward peacetime existence.

Three months ago it seemed that we should soon be able to turn our whole strength against Japan, even though Germany might not be beaten within the calendar year. Two months ago it seemed that once our presidential election was over the world could set about with hope and enthusiasm to build a permanent structure for peace on the foundations laid at Dumbarton Oaks.

Today we know that 1945 will be a year of hard tasks and fatal actions. We shall suffer somewhat from the summer spree of over-confidence and relaxation, but now at least we know that we are still fighting bitterly with two desperate enemies whose strength and determination are by no means exhausted.

This year is likely to bring the heaviest casualties that Americans have suffered in any year of any war. There will be bad news of setbacks and delays along with the good news of victories. And the bad news will be harder to bear because final victory may be almost in sight.

It will be a year of diligence for all of us here at home. We shall have to guard against impatience and discouragement and war weariness. We shall have to prove to ourselves and to the men who are fighting the war that we can take it, stay on the job, supplying these fighting men's needs in abundance and not cheapen their sacrifices by petty complaints.

From our government, 1945 will ask a wiser and more vigorous world leadership than has ever been required of an American government. For the President and the military leaders the year will bring more endless days of imperative decisions. From the new Congress it will demand a selfless, partyless patriotism that must guide against action fatal to world peace.

But this is also a year of hope. The first day of 1942 found the country almost too stunned by the preceding 24 days to realize its peril. Two years ago the road from Africa to Berlin and from Guadalcanal to Tokyo seemed endless. Last year the great gamble of D-Day lay in the doubtful future.

Great strides can be taken in 1945. We have a superior military force with superior leadership. We have the confidence of most of the world's peoples as the guarantors of freedom and fair dealings. We have the potentialities of still greater strength to throw into the battles for victory and peace.

These are responsibilities as well as resources. To use them fully and wisely is a job that calls for conscious, increased efforts by all of us—from President and General to housewife and school boy. What Americans do in the next 365 days will have profound effect on the shape of things to come.

WAR NEWS SOUNDS BETTER

The German counter-offensive finally has been clubbed down to a near standstill and we now are witnessing the preliminaries of what is likely to develop into a vast, liquid battle which may determine the duration of the European conflict. Press associations and commentators alike agree this is one of the really great moments of the war, for there's a fighting chance that General Eisenhower may be able to trap and annihilate a large part of the Hitlerite forces. He foresaw this possibility even in the first anxious moments of Nazi Marshal von Rundstedt's surprise break-through, and developments have kept the opportunity open for the Allied commander.

The overall picture will be easier to read a few days hence. The battle is by no means fully joined as yet, but the great clash can't long be delayed.

The main thing we all should get out of the serious war news today is the real necessity of buying more and more War Bonds.

As a result of congressional probers tackling the cigaret problem, we can now report that there is a shortage.

We can all be proud of our blood relations—especially those with the Red Cross.

Evangelist Coming To Congregational Church Next Week

The Rev. Raymond O. Nelson, of the extension staff of Moody Bible Institute, Chicago, will conduct meetings January 3 to 14 in the Bethlehem Congregational church, Market street near Third, according to the Rev. P. Elmer Landerdahl, pastor. Services will be held every night except Saturday at 7:30 and on Sunday mornings at 11:00 o'clock.

Mr. Nelson will be assisted by Mrs. Nelson as musician and children's worker.

Widely known as a successful evangelist and gospel musician, Mr. Nelson is said to be a forceful speaker, with an effective, direct way of presenting his message. He is possessed of a rich baritone voice and his gospel solos are always well received.

While preparing for his gospel ministry, Mr. Nelson studied at the institute, graduating in 1931. In the field of gospel music he studied voice under the noted English musician, William Shakespeare, and at the American Conservatory of music. For several years he acted as assistant superintendent of men at Moody Bible Institute, carrying on his evangelistic work during weekends and vacations. He is now devoting his full time to this field.

Both the Nelsons are accomplished musicians and their vocal duets, as well as special numbers on piano, solovox and tiple, are important features of the program.

Believing in the importance of reaching children for Christ, as the best way of combating juvenile delinquency, Mr. and Mrs. Nelson place great emphasis on their children's meetings.

Mr. Nelson also announces that several of his gospel messages will be illustrated with full color slides. A sacred concert will be rendered on Monday evening, Jan. 8th at 7:30 o'clock.

Historical Service In Use Sunday at First Methodist

The First Methodist people of Warren will join in the use of a service arranged for Covenant Sunday which is being used throughout Methodism on Sunday, December 31.

This service was prepared by John Wesley for use on December 29, 1747. Bishop Ralph S. Cushman has edited it and made slight revisions.

Sunday will also be designated Victory Day. The quota given to First church for the Crusade for Christ was \$5,479 and its people have responded in a magnificent manner with pledges and cash amounting to \$7,071.20.

There will be a union Watch Night service at Grace church beginning at nine o'clock with a worship service conducted by the young people of First church.

Sunday school at First church will convene at the usual morning hour.

Community Youth Party Plans Are All In Readiness

Everything is ready for the community young people's party at Beatty school this evening. The Committee on Community Recreation has extended a special invitation to college young people and boys in the service, if not more than 21 years of age. The lower age limit is second semester freshmen; the upper is 21 years.

The doors open at 8:30, with dancing in the gym and special entertainment in other parts of the building for those who prefer other activities. Dale Soderburg's Orchestra is furnishing the music.

The floor show is in good shape for its presentation at 10 o'clock, with Bill Clinger acting as master of ceremonies. The committee has made a special effort to make this holiday party one to be remembered as a highlight of the year.

To get uniform results in starching shirts, gather all the parts to be starched together and dip them into the starch at the same time. Be careful not to use too much starch as it will crack the fiber threads and cause the shirt to wear out much faster.

185 Attend St. John's Day Program

There was an excellent turnout last evening for the annual St. John's Day program held in the Masonic Temple by the two local Blue Lodges, approximately 185 men gathering there for the event.

The guest speaker, Attorney George H. Detweiler, of Philadelphia, who is district grand master of District F, impressed and delighted his audience with his remarks on the symbolism of Masonry, its principals and objectives. Many expressions of pleasure were heard at the close of his address and the committee felt it had been very fortunate in choice of a speaker.

William E. Yeager, of Warren, right worshipful junior grand warden of Pennsylvania, added a few remarks to the very interesting program.

A past master's jewel was presented by Past Master Claude H. King to William T. Mohr, retiring master of Joseph Warren Lodge No. 726, and by Past Master R. M. Krebs to Jesse T. Launer, retiring master of North Star Lodge No. 241.

The group then adjourned to the downstairs, where a delicious buffet lunch was enjoyed. Guests included a number of members from Stillwater Lodge No. 547, Youngsville, and other lodge members who are currently in Warren.

General committee in charge of arrangements for the evening was R. M. Krebs, chairman, with Harold Rose, Robert Trusler, Clifford Johnson, Paul Mathis, Milton Peterson, Leo Giesse and Clyde Smith.

Happy NEW YEAR

1945

I want the New Year's opening days To fill with love, and prayer, and praise. Some little things to do for Thee, For Thou hast done great things for me.

I want some other soul to bring To Thee, my Saviour and my King. Thou wilt not, Lord, my prayer deny, For Thou canst all my wants supply.

In Jesus' name our prayer we raise, Whose guiding hand has blessed our days. And may we, Lord, in godly fear Serve Thee through all this coming year.

Schedule Adopted By Ministers' Group For Observance of Week of Prayer

The following schedule has been adopted by the Warren County Ministerial Association for the observance of the Week of Prayer at the beginning of the new year. All churches are urged to hold Watch Night services New Year's Eve and thus begin the new year with prayer. On New Year's Day it is urged that a special "Family Night at Home" be observed by all church members with Scripture reading and prayer.

On Tuesday evening at 7:30 o'clock, there will be a union service at Grace Methodist church, at

BUS SCHEDULE FOR CHURCHGOERS

Beginning Sunday, January 7, there is to be bus service for the accommodation of church people, the following schedule to be carried out: Bus leaves North Warren 9 a. m.; Conewango avenue extension at 9:20 a. m.; Glade at 9:55 a. m.; return trips will be made from Market street, at the First Methodist church, for the West Side at 12:10; from the same spot to Glade, Conewango avenue and North Warren at 12:25.

which time the Rev. Nore G. Gustafson, pastor of St. Paul's Lutheran church, will bring the message. Wednesday evening will be given over to prayer services in the individual churches and it is the hope of the ministers' group that the good church people of Warren will turn out in great numbers for this Week of Prayer "Prayer Service".

Another union service will be held on Thursday evening at 7:30 o'clock, in the First Lutheran church, with Rev. Beecher M. Rutledge, rector of Trinity Memorial Episcopal church, as speaker.

Musical arrangements for the union services have been left to the host pastors, Rev. Harold Knappenberger and Dr. H. A. Rinard.

Again the ministerial association asks that all the people of Warren avail themselves of the opportunity and privilege to begin the new year with prayer.

J. Hudson Taylor once said: "The prayer power has never been tried to its fullest capacity in any church. If we want to see mighty wonders of divine power and grace wrought in the place of weakness, failure and disappointment, let the whole church answer God's standing challenge 'Call unto me, and I will answer thee, and show thee great pity and mighty things which thou knowest not!'"

Church Notes

Dr. H. H. Barr, retired Methodist minister, will be guest speaker Sunday morning in the First Baptist church.

The service of Holy Communion will be observed in First Evangelical church at 11 a. m. Sunday, when Pastor J. C. Wygant will speak on "The Immutability of Christ". In the evening, his sermon will be in "The Stars in Their Courses". This is the annual Watch Night service and will begin at 7:30 o'clock with transaction of such business as annual reports and election of Sunday school officers. Afterward there will be a social hour and the usual refreshments, concluding with the Watch Night service of prayer.

Installation service for Sunday school officers and teachers will be the principal feature of the morning service in Salem Evangelical church next Sunday. Carl M. Jones was recently selected to the position of superintendent of the school, with Miss Esther Sedon as assistant; Miss Elvira Rydholm as secretary; Gust Ristau as treasurer and Miss Carolyn Huber as assistant secretary. These, together with 12 teachers will be installed to their respective positions in an impressive service. In (Turn to Page Ten)

WE RING in the NEW YEAR

1945 with GREETINGS to all our FRIENDS

Three cheers for the Red, White and Blue—and for the bells ringing in the arrival of the New Year, 1945. Let's each do our best to make it a happy new year by sticking to our jobs producing and buying bonds for victory.

Tasty Bakery

New Year's is pretty much a universal holiday, but we feel it's always celebrated with special zest in the grand American way. Here's to it, then, and may it bring you and yours every good thing you're wishing for.

Simonsen Wall Paper & Paint Co.

There's a sentimental thrill to hearing New Year bells ring out. The most sophisticated of us must admit it. So here's an old fashioned greeting to accompany their tune. "Happy New Year!"

S. H. Rasmussen

Time is fleeting. No truer words were ever spoken. Yet for each of us, our allotted time seems long. That is why we should make the most of it by accomplishing what we can to help make a better world. Happy New Year!

Kinander Coal Company

Take a memo—to count every day of 1945 as precious, and to remember our best thoughts are with you as we continue to serve you to our utmost ability. Please don't hesitate to call on us when you need us.

Danielson-Carter

Little man, you've had a busy year! And a still busier one looms ahead for you. What do you say, we redouble our efforts and help get this war over with quickly? We can't think of a better New Year's resolution!

Geracimos Co.

We hope you have the very best of luck all through 1945. But luck alone isn't the key to good things! What we need is continued hard work and plenty of it—if we are to enjoy the fruits of Victory and Peace! We're with you—on the job!

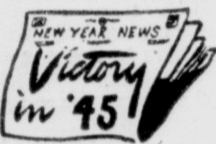

A. C. Peterson & Son

Hooray for the year to come and all the good things we hope it will bring. Join us in a happy spirit of celebration as we send our good wishes wherever our friends and customers may be this New Year's.

Neal & Company

That's the headline we want to help write! So we're bending every effort to bring total Victory into reality as fast as we can.

Warren Disposal Co.

Every bell which rings out to welcome 1945 will be echoing the resounding glory of our Liberty bell. In its spirit we look to peace around the world in the year ahead.

Warren Sheet Metal Shop

You couldn't wish any more zealously than we do for a good year ahead! That encompasses the joys of Victory to come, and good health and prosperity! So what better greeting can we extend to you than that all our mutual aspirations come true.

The Savoy Cafe

Travel by air has made the world small indeed, with every land quickly accessible from any other. What good fellowship we can enjoy if 1945 will find an end to war and all nations joined together in liberty.

S. Schraybman

We take occasion to compose our New Year's greetings around the theme of recognition to our war working men and women for their great contribution to world welfare. May 1945 be good to you!

Sears, Roebuck & Co.

In some parts of our country this time of year finds the earth mantled with snow. In other parts of our country this time of year blossoms with verdure. But though climates vary our people are as one in their unchanging desire for maintenance of the true "American way!"

Keystone Sheet Metal Shop

Church steeples the world around are sounding out the passing of a year fraught with warfare and sorrow. Let us hope that it will be followed by a year of good cheer during which peace will envelop the earth.

Warren Plumbing & Heating Co.

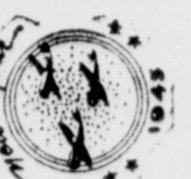

Think of all the merry times you've had in past New Years! Think of how much we Americans have to be grateful for this New Year's! And look forward to next New Year's with faith in our Victory and Peace to come.

East Side Esso Station

Over the air lanes far and wide, go our deep thoughts of New Year's sentiment. We look to it for so much—from the bringing of peace to the world, to the personal contentment of each of our friends. And of course YOU are included in our kindest thoughts.

Keystone Printing Co.

Around the world our wishes travel, wherever there may be men and women from this community. "Happy New Year" we say to you all with Victory our first desire.

The Busy Bee

Sing it loud, sing it low. Sing it fast, sing it slow. Sing it high, sing it deep—this promise we will keep: your wishes for a happy New Year will be echoed as our voices pick up the refrain and sing it back to you! Happy New Year, one and all!

E. M. Hutchens & Son

By the hour glass—by the clock—by the sun dial; no matter how you may choose to tell the time of day, you will know that a new year dawns once past the stroke of 12 on New Year's Eve—at that moment and always we wish you well.

B & E Chevrolet Company

It is our sincere hope that your quota of good things will be enriched and enlarged with the coming of the New Year, 1945. Call on us for any service we can render.

Texas Lunch

We doff our cap to every fighting hat worn by an American lad; and to those boys we say, "A Victorious New Year made possible by your efforts: a happier New Year because of your homecoming!"

Times Square Super Service

Rough and choppy waters may toss about any craft; but good navigating and keeping to its course will bring it through. The past war years may have been rough and choppy, but now we see our way clear to Victory ahead!

Commonwealth Cleaners

Bells are ringing, cheery voices are singing—and the New Year is being ushered in. We add our thoughts to help make it cheerful and happy for you.

Baker's Cleaners

Drink a toast to the year ahead. Swing the noise-makers and join in the festivities. Have as good a time as you can and then refresh yourself to return to your wartime duties so that we may celebrate next New Year's with even greater merriment.

A. C. Kirberger & Son

Here's to our men in olive drab. Here's to our boys in foxholes and in the skies; in slit trenches and on transports. Here's to every fighting American—and to your homecoming before next New Year's eve!

Masterson Transfer Co.

This is the time of year when by-gones are by-gones, and small differences are forgotten in mutual observance of New Year's. Let that spirit be expanded so that after Peace comes all the world will live together joyously.

Walker Creamery Products Co.

As the sands of time run their course they see 1944 depart—and usher in 1945. On the stroke of midnight New Year's Eve our wishes will join yours for a future of happiness and security in a world at peace.

Warren Dry Cleaning Co.

The sign of the "V" is the symbol of Victory. The stars and stripes are emblems of liberty. Together we blend them in the hope that 1945 will see this land visited by final Peace.

Struthers and Forge Teams Win in Two Exciting Games In YM League Thursday Night

In the YMCA League last night, the Struthers-Wells team smashed out a 51 to 40 win over the Blomquist five in a free for all contest and in the second game National Forge topped the Sylva team 26 to 19.

The Struthers-Blomquist fracas was Struthers all the way with Blomquist in their fighting every minute in a vain attempt to overcome their more experienced opponents. In the first half, the Struthers quint flashed a smooth working game that enabled Lord and Kaminsky to stage a shooting exhibition that put Struthers in front 30 to 16 at the end of the half.

The third quarter was a slam bang affair with Struthers continuing to hold the lead. Alie Lord left the game by way of the foul route. In the fourth quarter, both teams engaged in an up and down floor game with passes the length of the floor. Krespan was ruled out via the foul route. Struthers maintained a safe lead and easily won the game with Kaminsky taking scoring honors for the game with 18 points.

The second game saw two well matched teams staging a cagey, careful game. Forge jumped to an early 9 to 2 lead but in the second quarter Sylva found the range and started to drop them in with the first half ending 13 to 10 with Forge still out in front.

In the third stanza, Sylva with Massa and Olson executing some nice passing loosened up the game but Forge managed to outscore them 7 to 5. The last quarter was a nip and tuck affair with Sylva trying hard to break in but Forge was not to be beaten, as they won to the tune of 26 to 19. Massa with 9 points was high scorer for the game.

PASSING STARS WILL SHINE IN CLASSIC

San Francisco, Dec. 29. (AP)—West Virginia's Jim Walthall was giving All-American Les Horvath of Ohio State a close race for left half starting honors today as the East squad practice scrimmaged for the 20th annual intercollegiate shine all star classic here New Year's.

Observers said Walthall threatened to take an edge on passing. Both are triple threats.

Meanwhile the West team instituted a two-in-backfield system using Bob Kennedy, quarterback from March Field to do the signal calling on one, and Bob Waterfield of the other.

Fashions in the United States are a two and a half billion dollar industry.

Behind the Lines and Under the Covers

Even the ladies read "Behind the Lines." When my dinner tray came in today I found this note written by Miss Danielson: "I see in your column that you are wondering when we are going to feed you steak and French fries. Here they are." It was signed "The Dietician." Newspaper advertising certainly brings results. Also had a letter from a lady reader commenting on the column and containing a welcome gift. Thanks, everybody.

Coach Joe Massa has his Dragon squad working overtime this week getting them back into shape after their holiday vacation. The team has three games next week: at St. Mary's on Tuesday, at Bradford on Friday, and plays Carry on the Beatty court next Saturday night. Two out of three would be a good average, but how about taking over Bradford, too.

This little snowfall has upset the plans of nice, men, and the boys who are trying to get the ice-skating rink in shape. But the boys are persistent. They are going to have some real skating over at Beatty if it takes all winter.

Dick Check is in town for the holidays, looking hale and hearty after his harrowing experience. Welcome home. We're glad to see you.

Now for the Bowl games. When the North meets the South it will be Gettysburg and Appomattox Court House all over again. Southern California Tennessee. It's a boys trip out to California in this kind of weather and the boys from Tennessee will tell their grand-children later on about California's wonderful climate. But they won't say much about the Rose Bowl game. Duke-Alabama. The boys from Durham have what it takes to win this one, and that's no "bull." Oklahoma Aggies-Texas

Christian. The Horned Frogs might just as well pull in their horns now. Tulsa-Georgia Tech. I've already gone overboard on this one but no one believes me. Those Tulsa boys are going to win! That's what they are going to Miami for.

The East-West game. Here is the game where even the losers win. What a lesson the world could learn if it would. On these two squads will be boys selected from all parts of the country—Catholics, Protestants, Jews, playing and working together for the benefit of the Shriner's Hospitals—playing and working together that a thousand children, children who are Catholic and Protestant and Jew, white, black and yellow—children whose little bodies are now crippled and maimed and deformed may be able to throw away their crutches and their braces and walk out into the sunshine whole and well and strong. Some of these players may be 4-F's, may be some of them should already have entered the service. But when the last inning of the game of life has been played, when the final gun sounds to end the game and the score-keeper begins to figure out the runs and hits and errors, the ground we gained and the tackles we didn't make, the points we scored and the goals we missed—I wonder if it won't be just as important to have helped a little child to walk as it will be to have killed a man with a bullet. In the East-West game everybody wins—winning a new respect for the American way of life. And everybody loses—the narrowness and intolerance and bigotry which sometimes creeps into that American way of life.

A very Happy and Prosperous New Year to all of you. May it bring Peace and Good-will to all men, everywhere.

Famed Celtic Player Is Back In the Game

Pittsburgh, Dec. 29. (AP)—Forty-year-old Nat Hickey, who played pro basketball with the old New York Celtics when that club used to tour as much as 25,000 miles and play 120 games in one season, has returned to the hardwood.

The aging but agile Nat has broken into the lineup with the Pittsburgh Raiders of the National Professional League and expects to be available for most of the team's home games.

He has never been far away from the game since he played high school basketball in Hoboken, N. J., in 1921. Later he was with the Holly Majors of Hoboken, George Halas' Chicago Bruins, and the Cleveland Rosenblums.

Nat, now living in Johnstown, where he works as a railroad brakeman, was with the famed Celtics 15 seasons until the club was broken up in 1942 because of travel rationing.

AGGIES ARRIVE FOR COTTON BOWL GAME

Dallas, Dec. 29. (AP)—Both times that big Jim Lookabaugh saw Texas Christian's Horned Frogs play they were defeated but the coach of the Oklahoma Aggies said today he had no illusions of any easy job when his Cowboys meet the Frogs in the Cotton Bowl.

"We don't pay much attention to the score, you know," Lookabaugh drawled. "I saw a well-balanced T.C.U. team—one that can run, pass and kick. That's what I'm concerned about."

The Oklahoma A. and M. squad, boasting its best record in history—undefeated against college competition—arrived here yesterday afternoon in time for a work-out. Lookabaugh brought 40 players and said the squad was in top shape.

drive along both sides of the Danube river.

The Red forces made an all-out bid to win strategic control of the Hungarian capital in a matter of days, if not hours, as fanatical Nazi troops in the hilly district of Buda and the populous flatlands of Pest gave ground under a series of assaults by Russian combat teams of tommy-gunners, tanks and self-propelled guns.

The enemy was hurled out of 12 eastern suburbs of the city yesterday by the hard-driving Soviets.

A battle of even greater military importance raged on the approaches to the Danubian communications center of Komarom, which is less than 85 miles southeast of Vienna and within 53 miles of Bratislava.

Two columns from Marshal Feodor Tolbukhin's Third Ukrainian Army group converged on the city from the east and southeast, while across the Danube to the northeast Marshal Rodion Malinovsky mounted a powerful smash at the Nazi Hron river defense line.

Eighth Army troops continued fanning out through the eastern Po valley. The Nazis were cleared from Villa Guaglia, four miles northeast of Faenza. Canadian troops inched along toward Alfonso.

Nation Is Facing Sterner Measure Than Ever Before Public Warned By Officials

A winter of fierce war against stubborn opposition is forcing reconsideration of American manpower policies. Here Thomas M. Johnson, NEA military writer, explains why the recent Selective Service "work or fight" directive was necessary for strategic reasons, to meet critical manpower shortages both in the armed forces and in war production.

By THOMAS M. JOHNSON
NEA Military Writer

Washington, Dec. 29—A sudden quirk in the fall of war's dice can always break up the game, but all reports agree that on the entire Western Front we face an ordeal more serious than some here realize. To the south, our gains while good are less decisive than appears to the naked eye. In the south, the Saar region, which we have reached but not conquered,

supplies only about 10 per cent of Germany's iron and coal. We have not crossed the Rhine, beyond which are the Siegfried Line and the Black Forest, to the north we have not reached and certainly not conquered the more important Ruhr industrial area and the straight road to Berlin beyond. The struggle here is dragging into the miserable north European winter which largely cancels our air and armor superiority.

This inescapable trial by fire costs casualties that, with the heavy Leyte losses, are sending our total toward 600,000 at the war's fastest pace. Though during the summer General Marshall hoped this bitter cup might pass from us, when it did not, he was prepared.

New measures already contemplated may have to be taken, for we are reaching, if not the bottom of the manpower barrel, then the last of its big rosy apples. We are nearing the end of the present supply of young men from 18 to 26. Soon we may have either to cull out present deferments, or raise the age limit.

The culling would not produce much, for the 30,000 under 26 now deferred in industry, the 60,000 in merchant marine and agriculture, include many men especially needed there and many with serious physical defects. The 35,000 18-year-olds now chosen monthly may not keep pace with the casualties which means falling back upon men over 26. Officers returned from combat agree that, for the present slugging and slogging the best ages are 18 to 21.

But with war workers leaving to get "peacetime jobs" when there is no peace, and munitions output below needs, industry can ill spare manpower. Stronger steps are contemplated to fill the work-bench. All around, this country soon may find itself facing sterner measures than at any time thus far. As one official grimly put it: "We may really have to fight this war—here as well as abroad."

The best hope of avoiding a crisis is an early break on the Rhine. But there the German watch still stands "fest und treu", due partly to a culling of their manpower far more drastic than anything we contemplate. Some troops surrender, at discretion or indiscretion—but usually when the Germans absolutely must hold, they hold—thanks sometimes to experienced divisions brought from the Russian front.

Some people ask: "Why don't the Russians draw those divisions away from us by attacking again on the Warsaw-Vistula Line? That, not the Danube, is the short way to Berlin." But the Russians on the Danube are attacking the Warsaw-Vistula Line by flanking it from the south. Thus they weaken it for frontal attack once the ground freezes hard, which it is now doing. Meantime, the Red Army claws within a few miles of Austria—which is the Reich—and approaches the Bohemian bastion which is the key to all Central Europe.

Yet the Russian big apples have been culled, too, beyond anything
